

ACTIVITY & HISTORY

The Activity & History feature provides you with a chronological listing of project enrollments, including agency name, program name, participation start date, and participation end date. A green active icon is displayed for any active enrollments. If you have family members included in your enrollment, their names will display next to the program enrollment record.

How to View Activity & History

Under the client view of the Customer Portal, the Activity tab includes a display of program enrollment and exit data. No additional actions or information are available through the Activity tab. Please contact your provider if you have questions about your participation.
